MAKING A DIFFERENCE

Your support helps local families and children, like Lilly.

Meet Lilly. Lilly is a fun-loving seven-year-old. Lilly has been profoundly deaf since birth and is unable to sit up on her own, she has severe complex needs – meaning that touch is by far her strongest sense.

“Massaging her head, stroking her face, patting her chest, anything that reassures her that you are there and solely focused on her is what she loves,” says Mum, Paula.

“She has reflux issues; she just can’t tolerate any fluid by mouth because she doesn’t understand what to do with it.”

Paula first met Chestnut Tree House over two years ago when she was referred by one of her specialist consultants and describes the team as “part of the family now.”

“Chestnut Tree House is amazing, they really are. They aren’t just there for your set hours, they are always on the other end of the phone. If there’s a problem they always come up with something, even if that is just pointing us in the right direction. They are brilliant and they need all of the help and support that they can get so they can continue doing what they do for families like us.”

Now is For spending precious time together. For local families, For the Now.
